

Mackay Men's News

Relationships Australia

May 2015

Domestic Violence Awareness Month

May each year is domestic violence awareness month.

Unfortunately many incidents of family violence involve women and children being injured or killed by men.

What can we, as men, do to end this brutality?

We can challenge other men's behavior,

Intervene or report incident's of violence,

Teach our children not to use violence in their relationships,

Most importantly not resort to using violence in our own relationships,

If violence is an issue please seek help.

The next Iona – West Uniting Church Men's Breakfast will be held in the church hall at 7 Brooks St, West Mackay at 7:30 am on Saturday 2nd May, 2015.

The Men's Shed will be open afterward from 9:00am until 1pm.

The men have been busy; assisting 'Riding for the Disabled', building 'buddy seats' for school children who are struggling and need support, and building hives for native stingless bees.

Brian Hunt would like to organise a forum for local men to discuss the urgent issue of men's family violence. Brian wants ideas from local men to curb this offensive behaviour. To get involved or for further information please contact Brian; gestaltbrian@gmail.com
